Subject: Water Service Line Break in [Ex. 6 - Personal Privacy]

Tom:

I was informed by the Water Department Manager that there is a water service line break in Zone 2. The residential service address is [Ex. 6 - Personal Privacy] Based on our discussion this week, it sounds like soil sample results may not be available for that location.

Before we dispatch department staff to the location on Monday to repair the leak, can we have a call on Monday morning to discuss available options provided by EPA regarding soil sampling and excavation services at this residential address?

Thanks,
Greg
